BUY YOUR PLANTS FROM THE NORTH. IT'S SAFER,
WITH A LONGER PLANTING SEASON.

Weller's Herbaceous Perennials

For Fall and Spring Delivery

Why You will Find Weller's Perennials the Best

Because we make a specialty of growing them to perfection, and make it our point to give you SERVICE, QUALITY AND VALUE. Our plants make REAL ROOTS, and what is more important to a Perennial than a GOOD ROOT SYSTEM?

GENERAL LIST

All plants offered in this list are strong, field grown, two-year-old, transplanted, unless otherwise specified, and biennials. Our Plants bloom the first season. Terms: 30 days; 2% in 10 days; 3% for cash with order. Packing extra at cost. Please state whether we may substitute in case we are short.

Those marked (*) are especially suited for cutting; those marked with (†) are best suited for rockeries. Those marked (●) are novelties.

In description the flowering period is indicated by the name of the months as May-June, etc.

	Per 10	Per 100

†CYPARISSIAS. Pretty evergreen plant. Yellow flowers. 1 Ft. May-June.	2.00	15.00
†MYRSINITES. Bluish-gray foliage with large yellow heads of flowers. 10 inch. May.	2.00	15.00
POLYCHROMA. This beautiful, rare plant is fast coming to the front, wherever it can be admired. Its unusual combination of flowers and foliage and afterwards its beautifully colored seed does not escape anyone's tempta- tion. It makes a beautiful, formal plant growing about 1 foot high, forming a hemispherical clump covered with lemon-yellow, rose-shaped flowers in May and June. When the flowering period is over, little clus- ters of pea-shaped seed, coloring to a bright red, are formed at the top of each stem, making a beautiful contrast with the light green-colored foliage. A wonderful border and rockplant and a true Perennial.	2.50	20.00

PHLOX DECUSATA (Hardy Phlox). Novelties Continued		
● SILVERTON. (New) Beautiful lilac.	\$2.00	\$15.00
● STARLIGHT. Violet red shading to lilac.	2.00	15.00
● WM. KESSELRING. Large violet with white eye.	2.00	15.00
WORLD PEACE (New) There can be no better name for this beautiful Phlox. It's growth is as strong as we want Peace to be and its color as innocent and pure as we want our hearts to grow. A very strong grower, its foliage is like that of Miss Lingard, dark green glossy leaves, full of health and vigor and enormous pure white flowers on strong sturdy stems, such as is unusual for a Phlox.

FILAMENTOSA. Large spikes of white flowers. 4-6 Ft. June-July.....	1.75	15.00
--	------	-------

We grow more outdoor Hardy Chrysanthemum than any other grower in this country. One reason, because we love them. There is nothing more beautiful than a good field of Hardy Mums. Another reason, because our soil is excellent for the growing of Mums. They do well on sandy soils. Our Mums are always free from any disease, rot or blight and will grow anywhere with unusual vigor. See pages 5 and 6.

For Advertising Value during your fall season, there is nothing that gives more color to your sales place, nothing that draws more interest in nursery stock, than a good patch or block of Hardy Mums, planted where the public can see it without effort. There is no cheaper method to advertise your place of business. The above picture tells.

Weller Nurseries Co., Inc.

Holland, Mich.

January 6, 1946

Dear Sir:

Complying with your request, we are pleased to send you, under separate cover, a copy of our latest wholesale catalogue.

We are quite proud of it and we hope that you will like it. Besides all the plants it offers, it comprises a lifetime of hard work and experience in the Perennial field that is all at your disposal for definite satisfaction.

Wish you could visit our Nurseries. I know you would enjoy it and we would enjoy having you.

You will also find listed our Buxus Welleri. We are asked from so many sources about the hardiness of it, but it has been planted over such a wide area and in so many States, that we do not know what to say anymore. We do know, however, that wherever it has been planted, it has proven to be satisfactory. It is best to try it if you have any doubts.

We have no further price lists this year. We are sold out of Peonies, Iris, and Poppies, except what is listed in our catalogue.

Thanking you, in the meantime, for your interest and hoping that we may have the pleasure of serving you further, we remain,

Yours very truly,

WELLER NURSERIES CO., INC.

BOXWOOD—Weller’s Hardy Northern Type

BUXUS SEMPERVIRENS WELLERI
Hardiest Boxwood on the market.

During the last twenty-five years we have developed a Boxwood, originally out of the Sempervirens type, which has proved hardy, not only in this part of the country, but also in sections where otherwise no Boxwood could be considered. It stood the winter of nine years ago, when the thermometer dropped to 28 below, while in all other sections of the country Boxwood was killed down to the ground. It was then that nurserymen started to recognize our Boxwood. Since then it has been planted in every part of the country with good success and its popularity as a permanent plant for hedging, window boxes and ornamental planting is assured.
